

## Mission

To provide the youth and elderly with opportunities to learn, participate, and express themselves through various music programs, education, experience and events.

## Objectives

To give youth exposure, knowledge and a means of artistic development through various resources.

To provide the elderly with a feeling of comfort, contentment, and encouragement through fine arts programming; to provide a form of therapeutic development through music.

## Donate

All Donations are Tax Deductible to the fullest extent of the IRS Law. We welcome financial and in-kind donations.

Because Music Matters

## Glenn Jones, Founder

R&B, Gospel and Grammy Nominated Legend Glenn Jones is not just well known in the music industry for his musical talent. Industry professionals and the community know him better because of his character and heart.

Glenn's mother encouraged him to pursue music at an early age, and it was his passion for music that not only kept him focused during his youth, but later comforted his mother during her illness at hospice care. He now wants to give that same gift to other youth and seniors through giving and programs provided by *The Love Jones Foundation*.

## The Love Jones Foundation

We thank you in advance for your interest in The Love Jones Foundation.

With recent budget cuts over the years, Glenn and the Board of Directors have recognized that Arts programs at many schools were the first to be impacted. Gifted students that cannot afford instruments are losing the opportunity to express their gift and stay involved in positive activities because of the loss in funding. The LJF intends to provide these programs and students with instruments and the funds they need through scholarships and grants to continue doing what they love and reap the proven benefits that music education provides students.

Music Therapy can benefit the following populations and conditions: children, adolescents, adults, and the elderly with mental health needs, developmental and learning disabilities, Alzheimer's disease and other aging related conditions, substance abuse problems, brain injuries, physical disabilities, and acute and chronic pain, including mothers in labor. The LJF will provide funding

for music therapy programs and more. What we are most excited about is the chance to design and install in hospitals, assisted living facilities, and senior centers a music lab and performing arts area for guest musicians and patients/residents to use. Musicians and patients/residents can share their talents in a joyful setting and gain the benefits of the therapy that music provides.

*The Love Jones Music Zone* © will be the signature initiative of the LJF, spirited by the founder Glenn Jones and his love for his departed mother. Glenn has personally witnessed the positive effects and benefits of music therapy on his mom and others.

Music therapy interventions like the Music Zone can be designed to:

- Promote Wellness
- Manage Stress
- Alleviate Pain
- Express Feelings
- Enhance Memory
- Improve Communication
- Promote Physical Rehabilitation

Your help, whether it be financial or in-kind, will change lives, rehabilitate children, adolescents, and adults, and help ease patients' suffering.
